COMPANY HISTORY	<p>The founders of Seaside Collections, Rita Folz and Tracy McKenna, became instant friends during a Womanship sailing course in 1998 and have been sailing together with their families ever since. During these and other trips, they each collected sand and shells to remember these special times.</p> <p>Unfortunately, the sand ended up in plastic water bottles and the shells were lumped together in random displays throughout their homes. Therefore, Seaside Collections was conceived in the fall of 2008 with a simple idea: to provide elegant, recycled glass bottles with custom engraving for clients to save shells and sand from beach vacations.</p> <p>Since their website was launched in 2009, orders have come in from:</p> <ul style="list-style-type: none"> • Families wanting to capture memories of beach vacations and cruises • Brides and grooms wanting to give their guests special thank you gifts for attending their beach wedding • Hotels wanting to thank their guests for staying with them • Friends wanting to give unique bridal shower gifts or bon voyage gifts • Brides and grooms wanting to remember their honeymoons in a special way
